# Ms. Trish

Wow! November is over and December is here! The children have had fun this past month learning about Thanksgiving, families, turkeys and more.

As we move into December, we will be learning about Christmas and all it includes. From the birth of baby Jesus to Santa Claus, Christmas songs and lots of decorations. For December, we will continue our letters S and J, numbers six and seven and our monthly colors, red and green. And don't forget our Christmas play on December 19th! It will be a busy month for sure.

Thank you, parents for all the ways you have shown your support throughout the school year. I wish your family a happy and healthy new year!

Happy Holidays!

Decemeber will be a short but busy month!

We will spend December preparing for Christmas and the celebration of Jesus birth.

We will be doing lots of Christmas crafts and reading lots of Christmas books.

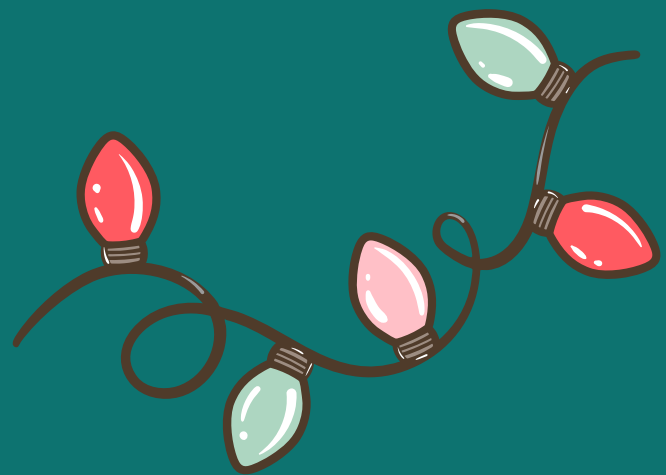

Our letters for the month will be J & S

We are already practicing our songs that we will be singing at our Christmas program which will take place on Friday

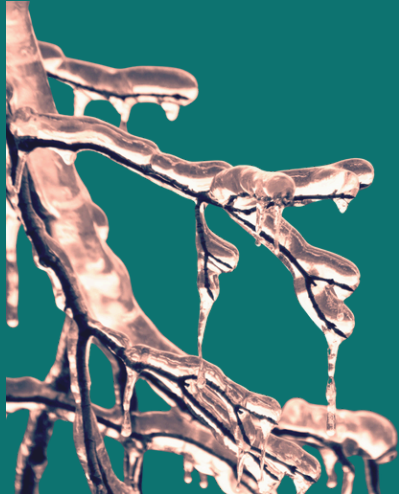

December 19th, we hope you can join us!

Merry Christmas to you all!

Ms. Lindsey

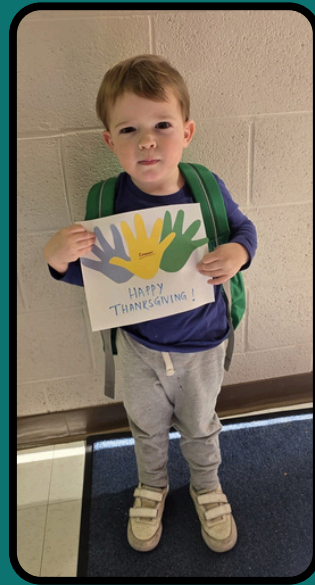

Happy Winters,  
It is hard to believe it is already December! The year is flying by, and the children are feeling happy and comfortable in our classroom. November was busy with Thanksgiving preparations, and this month we are excited to dive into the joys of the winter season and holiday celebrations. We will focus on themes of Christmas through songs like jingle bells, exploring winter through play and creative activities.

Ms. Shubham

We had a busy but fun month on November.  
Thanks to great weather, we continued to enjoy  
playing outside.

While we are inside, children learn about colors,  
shapes and numbers while playing. Children also  
had fun with music. We started practicing  
Christmas songs.

We have three birthdays on December!!  
We also have Christmas concert on Dec 19.  
We are looking forward to showing children's  
songs at concert.

We are very thankful for all your kindness and  
supports. We hope you had wonderful  
Thanksgiving!

Ms. Fumiyo

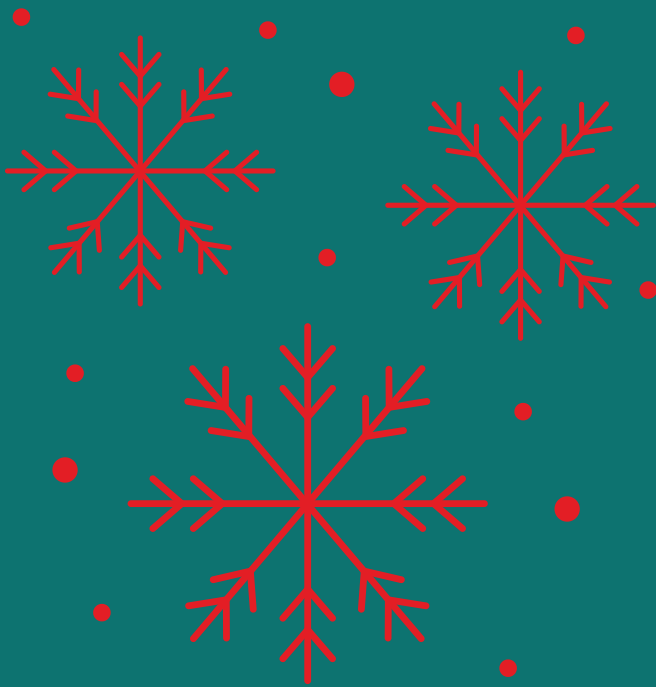

This November, our class finished exploring "Ball". They learned how to ask questions to investigate an object, and learned about the use, material, size, weights, colors, and so many other aspects to define an object like a ball. They learned how to compare by using the words longer/ shorter, bigger/smaller, heavier/lighter. They are learning the rhyming words and the opposite words as well. In math, we have discussed measurements, counting, and tally marks. We have already completed the book "Ball Study" and started to learn about trees. In "Tree study", we have started with learning where we see the trees, what the different parts of trees are, and different types of trees as they differ by different types of leaves, heights, and bark etc.

Since the kids in our class are encouraged to use their fine motor skills, they are practicing using scissors, writing, and coloring with crayons, playing with Play-Doh, and doing other crafts with papers, beads, and strings. Every day, the kids are encouraged to practice some exercises to stretch, run, and perform movements following instructions to strengthen their gross motor skills.

Thank you,  
Sincerely  
Subhanwita Ghosh

**Thank You Mystery Reader**

# We Are Growing!

Our Preschool is growing with more precious children.  
Thank you for spreading the word of how we have the  
BEST Teachers and small class sizes.

*(And the Director is extra friendly too!) LOL.*

Ms. Sravanthi will be returning from her vacation  
on Dec. 8<sup>th</sup>. So Ms. Fumiyo will move to the  
2 year old class which is growing every day. Thank you  
Ms. Fumiyo for stepping up and helping the  
preschool.

The toddlers will still have Ms. Sneha and  
Ms. Sravanthi.

A BIG THANK YOU to Ms. Petel who jumped in when  
and where ever we needed her. Ms. Petel will move to a  
Substitute Teacher.

Thank you all for a great 2025!

Ms. Elsie Davis CPM
